REMOVAL!

STRICKLAND & CO.

HAVE removed their stock of Books and Stationery from **No. 200 to**

134 East Water Street.

IN Mayor CROSS' BUILDING one door north of Huron street.

They would respectfully invite attention to their new goods just opened, which, with their previous stock, embraces everything of importance, in every department of human knowledge, and which for attractiveness and sterling value has never been equalled in the West.

Their price for every book published, is the same as that paid to the Publisher for a single copy. They charge no advance on eastern prices.

Stationery, paper of every kind, &c., &c., in fact every article generally kept in a first class store, can be found in their stock at prices much lower than heretofore obtained in Milwaukee.

Blank Books—a very large stock on hand of every kind in general use, or made to order, ruled to any requisite pattern.

In Fancy Goods, Fancy Stationery, and articles for presents, their stock is unequalled. Call and see them.

ANNOUNCEMENT.

IN consequence of ill-health, I have felt it my duty under the advice of my physician, to give up business entirely. I have sold out my stock of Books, Stationery, &c., to Henry Kempshall, who has been with me during the past year, and for the four previous years with Messrs. D. Appleton & Co., of New York.

It is with no ordinary regret that I relinquish a pleasant and successful business, and close the connections which have existed between myself and my customers.

In Mr. Kempshall, I am assured that my old friends and patrons will find a thorough business man, who will treat them courteously, deal honorably, keep a good stock, and sell at reasonable prices.

N. B. All accounts for or against me will be settled by him.

ARCHIBALD WILSON.

Milwaukee, March 30, 1857.

Having purchased the stock of Mr. Archibald Wilson, and his interest in the bookselling business in this city, I propose to continue the same at the old stand, and shall endeavor, by keeping at all times a full and desirable assortment, and by careful attention to business, to merit patronage from both old and new customers.

THROUGH TO THE MISSISSIPPI!

TWO HUNDRED GUNS!

THE IRON CHAIN COMPLETE!

A salute of two hundred guns, yesterday afternoon, fired by the Artillery Company, announced to "all the world and the rest of mankind" the arrival at Prairie du Chien of the first through train on the Milwaukee & Mississippi R. R., bearing the Directors and a large company of invited guests. The train left here at seven o'clock in the morning.

Thus is this great work complete, and the long-looked for day has arrived when, from here, "starting betimes from the shores of Lake Michigan, the iron horse does at evening slake his thirst in the brimming Mississippi."

It is indeed an important era for our city, and the arrival of the first train at Prairie du Chien is a harbinger of busy times for Milwaukee, if her merchants will but stretch out their hands to take the prize which is offered to them; while to the pioneer Railroad, which, through pinching times and with small means, has worked its way through 200 miles to the great river, it promises an immediate and large increase of its revenues, and permanent prosperity.

The passenger trains run regularly through henceforth.

Judge Smith's Letter.

We publish to-day the letter written by Hon. A. D. SMITH, one of the Justices of our Supreme Court, in reply to an invitation to a public dinner, tendered to him by sundry leading citizens of New York. It is an able letter, and expresses the sentiments, not only of the Court, but of the large majority of the people of the State of Wisconsin, in manly terms.

The position taken by the Supreme Court of this State, is indeed a noble one, and attracts, as it deserves, the admiration of the leading friends of Justice and Freedom throughout the country, and of all who believe in the equality of rights among the Sovereign States.

The English Ministry Sustained.

The *Ericsson* brings later dates from Europe, with news that the English ministry have been sustained at the elections, and the conservatives, under the lead of Cobden, Bright, and others, defeated.

Later from Nicaragua.

We have by the *Tennessee* news of another phase in Walker's varying fortunes. The San Juan river is reported as again in full possession of the Costa Ricans.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, April 9, '57

What help to the good cause of Freedom comes to us from the capitol of the Slave State of Missouri! St. Louis—the most flourishing city in *any* Slave State, and so flourishing mainly because of the great infusion of free German hands and hearts—St. Louis pronounces decidedly for the cause of emancipation, and against the continuance, and consequently against the spread of slavery. Already, by the choice of Mr. Blair to Congress, St. Louis had spoken significantly, but other issues might have been mixed with that result; but now, the single issue was the *abolition of Slavery*, and, although Thomas H. Benton proved recreant, in the pinching moment, to the cause of Freedom, and a letter from him, or purporting to be from him, was read and used in that city where heretofore his name has been so powerful, dissuading his friends and fellow-citizens from sustaining the cause of Abolition, it was all in vain. The honest voice, the honest blood, the enlightened self interest of the thriving and industrious citizens of St. Louis decided that, so far as they can determine the result, Slavery shall cease in the fair State of Missouri.

What encouragement is there in this one fact to steady perseverance in the great cause on the part of all the free States! Connecticut has just pronounced in favor of Freedom by a decided majority of all her voters; and although, owing to the arrangement of Congressional districts, favoring party more than principle, and a most unwelcome and unfortunate storm of sleet and rain, we have lost one, and possibly two of the four members of Congress, that voice of the majority is for us and for Freedom, and against Slavery, and such exposition of Slavery as Mr. Chief Justice Taney and his compeers have vouchsafed to us. We are looking with great anxiety—I will not say fear, for I cannot mistrust the honest instincts of the free State of Wisconsin, for the result of your election—two days ago—of Chief Justice. It is pitiable indeed, and a sad commentary upon popular intelligence, and the grateful sense of honorable services,—that there should, in such a case as that of Chief Justice Whiton, and under the present circumstances of the country, be any opposition to the re-election of such a man. That the opposition can be successful, I cannot begin to think possible.

The complication of the Chinese question does not seem to diminish—though the symptoms from Washington are that our Government will have the good sense to keep out of any commitment to the projects of the European nations. A large fleet will be sent into the Chinese seas, and very probably under the command of Com. Perry, who certainly conducted the large expedition and negotiation with skill and good temper as well as firmness.

Mr. Robt. J. Walker is talked of for Commissioner. He seems to be the *stop-gap* in every difficulty, and to be, or deemed to be equally fit for any office. Warmly pressed upon Mr. Buchanan as Sec'y of State, he was only laid aside then because the veteran from Michigan, who will not believe that he "lags superfluous on the stage," *would* have office—would not be refused. Next, he turns up Governor of Kansas, but ere that is well settled, he is presented as *the* man specially qualified to make laws and bargains with the Celestials. It must soon be decided, I suppose, what shape this supple personage is finally to assume. Meantime, the Secretary, Stanton, has gone to Kansas to act as Governor, with what instructions may readily be surmised by the promotion of the leading ruffians to lucrative places, and the retaining of Judges Lecompte and Cato.

We have winter here again, almost—it is very cold—better now than later.

GOV. WALKER NOT GOING TO KANSAS.—The Washington correspondent of the New York *Courier and Enquirer* says that Mr. WALKER already perceives his mission to Kansas to be a total failure, and will avail himself of any good reason for not going at all. He has the sagacity to perceive that either the troubles are ended in that territory by the final and permanent success of the slavery party, or that the system just agreed upon here, based upon the recognition of the Border Ruffian legislation, will prevent any adjustment except by violent means. The conviction is repeated that Mr. WALKER will not go to Kansas, and that Mr. STANTON, of Tennessee, will remain Governer until the territory becomes a state. When Mr. WALKER decided to take no part in Kansas affairs, until the arrangements for the formation of a pro-slavery constitution were nearly completed, instead of assuming his difficult and responsible duties at once, this correspondent considered it determined that he had practically declined the place.

☞ Ex-Mayor Haviland, of New Bedford, has presented the amount of his salary, as Mayor, for two years, ($1,600,) to the Free Public Library of the city.

Election News.

RICHLAND COUNTY.—The *Observer* has the figures from part of this county, giving Whiton 111 majority, with seven towns to hear from.

JANESVILLE.—The official vote on Mayor was, Smith 740, Sutherland 522.—total 1162.

WAUSHARA CO.—The Wautoma *Journal* brings the following figures:

	Whiton.	Cothren.
Coloma	53	00
Dakota	79	9
Deerfield	9	7
Hancock	58	00
Leon	126	2
Mount Morris	79	0
Oasis	60	2
Plainfield	70	11
Rose	19	
Springwater	64	8
Wautoma	97	38

Mr. Webb, Rep., is elected County Judge by, probably, near 300 majority. Seven towns to hear from. We call that pretty fair voting.

SHAWANO COUNTY.—Town of Richmond, Whiton 88 votes, Cothren none. Town of Shawano, Whiton 16, Cothren 4.

GRANT COUNTY.—The *Herald* brings figures from all the towns but three. Whiton's majority, so far, 653—vote very light.

MANITOWOC COUNTY.—The *Tribune* brings the gratifying news that the Republicans have elected James Bennett, President, by a good majority, with nearly all the village officers, and given Whiton 94 majority, the vote standing 325 for Whiton, to 229 for Cothren.

Two Rivers gives Cothren 73 majority.

TREMPEALEAU CO.—The town of Trempealeau gives Whiton 135, Cothren 2.

WINNEBAGO CO.—Whiton's majority in this county is about 1000.

WASHINGTON CO.—Total, Whiton 600, Cothren 1,963; the vote in November was Fremont 813, Buchanan 2,646.

NEWSPAPER CONSOLIDATION.—The new Boston *Traveller*, formed by the consolidation of the *Atlas, Telegraph, Chronicle* and *Traveller*, has made its appearance.

The daily is published in quarto form, with six columns to the page, like the New York *Tribune* and *Times*. Mr. SAMUEL BOWLES, late of Springfield *Republican*, is the editor-in-chief, with an able corps of assistants. The paper starts with a daily circulation of 20,000, besides its tri-weekly and weekly editions, which are very large.

The *Traveller* is the chief organ of the Republican party of New Engltand, and will be a welcome visitor at the firesides of New Englanders every where.

STEVENS' POINT HAND BOOK.—Our friends of the Stevens Point *Pinery* are preparing a pamphlet for general circulation, which is to be "descriptive of the 'Upper Wisconsin,' its early settlement, population, business, sources of wealth, description of villages, prominent points, &c., &c., accompanied with a complete map, reduced from the surveys, and engraved on steel, of the whole State and the Upper Peninsula of Michigan." The work will be a reliable and valuable one. The *Pinery* invites the attention of business men to it as a medium of advertizing, for which it will be well worth the attention of our merchants.

THE PRESS IN CANADA.—The prosperity of the press is an indication of the spread of intelligence among the people. For this reason we are gratified to notice that the papers and periodicals published in Canada are continually increasing their numbers and are generally in a condition to be profitable. From a recent statement made in the Canadian Directory, we gather the following reliable statistics of the journals issued from the press of the province in the present year:—Daily 18, Tri-Weekly 16, Semi-Weekly 21, Weekly 185, Semi-Monthly 5, Monthly 26, Bi-Monthly 2, Quarterly 2—total 226. Scarcely more than forty years have elapsed since there were published within the province only six newspapers—five in Lower Canada and one in Upper Canada. The rapid increase of the number proves that the moral and intellectual advancement have kept pace with its material and political progress.

DON'T LIKE IT.—The Oshkosh *Courier* don't like the manner in which the *News* snubs it for having made sundry remarks about the accession of the late Know Nothing organ to the Democratic party. The *Courier* man says:

> The *Courier* has served the Wisconsin democracy five years; it has fought and bled for and with the party, through victory and defeat, and now, just after we have fought the hardest battle, and achieved a complete victory, there comes sneaking into the Democratic camp a deserter from the enemy, who incontinently puts our nose out of joint, because of his superior por(al)osity. This is our reward for sticking up for the *News*, when the *American* was pitching into it. It is our deliberate opinion that the *News* is afraid of the *American*, and wants to conciliate it.

REV. MR. KALLOCH.—The Tremont Temple Baptist Society, of Boston, passed the following resolution sustaining their pastor:

> *Resolved*, That we have carefully weighed the testimony which has been brought forward to sustain the charge alleged against our pastor, Rev. I. S. Kalloch, and we now declare, in the most positive manner, our unabated confidence in his integrity as a man and a minister of the gospel; and, most earnestly do we now request him to resume the public services of the Sanctuary as our pastor and teacher, and we again most cordially pledge him our undivided attachment and most unwavering support until the dark clouds of his trial have all disappeared.

They further resolved to aid him in paying the expenses of the trial.

THE TRINITY CHURCH CASE.—The Senate yesterday passed the bill amendatory of the Trinity Church Act of January 25, 1814. It provides for the election annually of two Church Wardens and twenty Vestrymen—half of them by the pew-holders and communicants of Trinity and its chapels, and half by delegates to be elected by the vestries of the several Protestant Episcopal Churches in New-York, other than Trinity. These latter are to be elected on Tuesday of Easter week. The income of Trinity is to be applied by the Rector and the two Church Wardens and twenty Vestrymen, in the following manner:

First: For the proper maintenance, support and renovation of Trinity Church and Chapels, to be disbursed under the sole direction and discretion of the Rector and those Church Wardens and Vestrymen who are elected by the pew-holders and communicants of Trinity.

Second: The income and the proceeds of the sales of any of her property shall be applied to the payment of the interest of Trinity's debt, and afterward to the extinguishment of the debt itself. The residue shall go to the "general purposes of the original grant." The Church edifices of Trinity and her Chapels with their furniture, churchyards and cemeteries are to be exclusively under the possession and control of the Rector and Trinity's Wardens and Vestrymen. To them also is to be committed the selection of the Rector, Assistant Ministers, and other parish officers, the direction of the Church's religious services, and the disbursement of her charitable collections. Vacancies in either branch of the Vestry may be filled for the remainder of the year, by the remaining members.—*N. Y. Tribune*, 8th.

RE-ELECTION OF JUDGE WHITON.—The returns indicate the election of E. V. Whiton, as Chief Justice of the Supreme Court, by about 10,000 majority. In this county his majority will be in the neighborhood of one thousand. In many of the towns the Democrats allowed the election to go by default. The fact is, our party in this country is in an utter state of disorganization.—Menasha, Clayton, Oriucla, and Nekimi, are the only towns where the Democrats appear to have spunk enough to stand up to the rack.—*Oshkosh Courier, Dem.*

APPOINTMENT BY THE GOVERNOR.—Gov. Bashford has appointed Hon. Buel E. Hutchinson, District Attorney of Crawford County vice Phillips resigned. Mr. Hutchinson was a member of the last Assembly, is a good lawyer, of active business habits, and will make an excellent officer.

He has also appointed Peter Golder, as County Judge of Walworth County in place of Judge Potter, resigned. Mr. Golder was recently elected by the people of the County for the full term beginning on the 1st of January next.—*Madison Journal.*

OUR RAILROAD.—The officers of the C., St. P. & F. du L. Railrod have concluded a contract with the American Transportation Company, for the delivery of 2000 tons of iron, for the track between this city and Fond du Lac. It will arrive shortly after the opening of navigation, via Green Bay and the Fox River Improvement.—*Oshkosh Democrat.*

Fugitive Slave Law Unconstitutional.

Letter of Judge Smith of Wisconsin.

[From the New York Evening *Post*.]

An offer of a public dinner in New York to Judge SMITH of Wisconsin, as a mark of respect for his official character, has given rise to the following correspondence:

To Mr. Justice Smith, of the Supreme Court of Wisconsin:

SIR: Desirous of availing ourselves of the opportunity afforded by your presence among us, to express to you our sense of your independence and love of justice in your action on the Fugitive Slave Law, we beg leave to tender you a public banquet at such time as may be convenient to you.

As an original question, we entertain no doubt of the accuracy of your position in that regard. We admire the courage with which, at many hazards to yourself, you avowed sentiments in the highest degree important to the cause of Freedom; and we deem this a fitting occasion to avow our approval of principles sanctioned alike by the Constitution and the general sentiment of our common Country.

We are, sir, very respectfully,
Your obedient servants,
WM. Curtis Noyes, David Dudley Field, John Bigelow, John Jay, Sam'l Blatchford, Horace Greeley, Moses H. Grinnell, Henry C. Bowen, E. D. Morgan, James Bowen, J. W. Edmonds, W. C. Bryant, A. Oakey Hall, Robert Emmett, E. P. Cowles, R. M. Blatchford, Erastus C. Benedict, Samuel Leeds, William Jay, J. A. C. Gray,

MILWAUKEE, Wis., March 27, 1857.

Gentlemen: Your generous note, inviting me to partake of a public banquet at such time as might be convenient, was handed me about the expiration of the time prescribed for my sojourn in your city, and in the press of engagements incident to my departure, it was found impossible to reply in terms fitting the occasion; hence this delay, which I pray you to excuse.

It is needless for me to assure you of the high degree of pleasure which a festal hour with gentlemen so distinguished would afford me, nor how deeply sensible I am of an honor so unexpected and so undeserved. But it seems to me that there are obstacles in the way of an indulgence which are insurmountable, and considerations which render self-denial an imperative duty. Though it might be quite safe to incur the risk of precedent from anything so humble a person as myself might do, yet it seems to me that demonstrations for popular approval for judgments rendered, however important, ought not to be encouraged.

While in particular cases they might be quite harmless, in others they might be construed as rewards for judgment, and once established as a precedent, courts and judges might be charged with framing their decisions with an eye to the ovation, rather than the law. Though these considerations can in no manner apply to the present case, yet a similar principle may be supposed to be involved, and I prefer to deny myself the enjoyment of the occasion so generously proffered, even at the risk of being charged with unwarrantable squeamishness. But I beg to assure you, gentlemen, that I am not the less grateful for this manifestation of your regard, nor is this expression of your approval of my official conduct, on the trying occasion referred to, the less appreciated.

In pronouncing the decision which it became my duty to make, in June, 1854, in relation to the Fugitive act of 1850, I only did my simple duty. To have done less would have been to fail in the discharge of duty. To have acted otherwise would have been to act impiously. For a judge to refuse to do what he believes to be right, when officially required, is as wicked and corrupt as to do what he knows to be wrong. I desire nothing, therefore, but the award of my countrymen, of duty faithfully discharged, according to the dictates of conscience. With that I am content.

You are pleased to say, gentlemen, that as an original question, you entertain no doubt of the correctness of my position. I thank you most sincerely for an assurance which cannot be too highly appreciated, and coming as it does from names so distinguished, it could not fail to fortify my conclusion, if I had had any doubt before. But you will pardon me for suggesting that if it be correct as an original question, it must be correct *ab initio ad finem*, while the Constitution remains unchanged, for it is a question of constitutional law. If correct in virtue of the prescriptions of the constitution, how can it become erroneous while that instrument remains unaltered?

The Constitution cannot be altered by judicial power. In a case of doubtful interpretation, it is proper for courts to settle upon a construction which appears most correct, and for the sake of uniformity and certainty to adhere to it. But is is submitted that the liberties of our citizens are not suspended upon constitutional phrases of doubtful interpretation. On the contrary they are so clearly defined and strictly guarded that judicial construction can neither impair nor abridge them, and every attempt to overleap the barriers of the constitution in this behalf only serves to tumble the daring adventurers into inextricable confusion. Two memorable instances of this kind will doubtless occur to you, one in 1837, and one in 1857.

But whether the question be old or new, original or otherwise, the Supreme Court of Wisconsin supposed that the citizen had always a right to test any restraint of his liberty by the provisions of the Constitution, State and Federal, and to that end to call into exercise the appropriate instrumentalities. They also supposed that the protection of the liberties of the individual citizen was confided to the States, and not to the federal government. The latter can interfere only in a very few prescribed cases; and those, for the most part, auxiliary to its own jurisdiction. That sacred trust was confided to, nay, is inherent in the States, whose duties it is to guard the liberties of the citizens and protect them from all unauthorized restraint, by whomsoever imposed.

The States never relinquished the power of executing this trust, because to have done so would have been to relinquish all claim to the allegiance of their citizens; for to exact allegiance without affording protection, at least in theory, is too glaring an absurdity for despotism itself to attempt. To allow another government to prescribe the extent of their power of protection would be to allow that government to prescribe the degree of allegiance which the States might demand, and, consequently, the extent of their sovereignty. In other words, to permit another power to absolve their citizens from their allegiance to any desirable extent, and to reduce their sovereignty within any convenient limits.

Though, as we use the word, there may be a limited sovereignty, yet there can be no such thing as sovereignty to a degree, without the rightful power to protect and defend that sovereignty to that degree. All admit that the States are sovereign to the extent of their reserved powers. But what is sovereignty without the right to defend it? What sort of sovereignty is that which depends upon the will of another? To admit reserved powers in the States, and then to affirm that the federal government is the sole and exclusive judge of what, or whether any powers were reserved, their kind and extent, and yet to affirm that the States are sovereign to a degree, is simply to assert that they are just as sovereign as the federal government shall choose to permit, that is, they may *play* sovereign as long as their gracious Uncle shall think it safe for the little ones so to amuse themselves.

Undoubtedly the federal government has the right to protect and defend all the powers delegated to it by the constitution. It possesses none other. They are all derivative. All other powers pertaining to sovereignty not so delegated are reserved to the States and the people. When the States and the people thereof delegated to the federal government the power of self protection, and to execute the powers granted, they reserved all powers not granted, and of course that of protecting and defending the powers so reserved. They have the same right to protect themselves from unconstitutional encroachments upon their reserved powers, as the federal government has to protect its delegated powers from encroachments by the States. The power is equal in each.—Were it unequal, one or the other would cease to be sovereign, and would exist only by the forbearance of the other. The reciprocal action of this equal power preserves each sovereignty within its sphere, and while it is acknowledged and respected, the harmony of the system is undisturbed; but disregarded, denied or impaired, confusion speedily, collision inevitably, and destruction ultimately must follow.

But it has been said that this is nullification—nullification of what? Can it be said that to insist upon the covenants of the constitution is nullification? Is adherence to those rights reserved to the States and the people nullification? Is it nullification for the judicial tribunals of the country to inquire into the constitutionality of an act of the federal legislature? Is it nullification for a citizen of a sovereign State to appeal from the manacles of a federal functionary to the judicial power to test the legality of their application! On the contrary, it is conservatism in its truest legitimate sense, acting within its constitutional scope by constitutional means, through instrumentalities of its own recognition. Instead of attempting to nullify a law of Congress, it is only asserting the supremacy of the fundamental law limiting and prescribing the powers of that body. Instead of packing up her duds and whisking out of the Union, that she might scold the more freely, Wisconsin planted herself upon the platform of the constitution, and insisted upon a strict observance of its grants and covenants. She stood upon her reserved rights and powers, and appealed to the compact of the Union for the justness of her claims; not by force—not by hostile resistance—not by tumultuous demonstration, but by precisely the same forms and instrumentalities which the federal government employs to execute and defend its delegated powers, viz, by due process of law, and before her regular constitutional tribunals. If this position be called nullification when assumed by a State, what shall it be called when assumed by the federal functionaries?

But I cannot dwell on this subject. It seems to me that if the states have no right to judge of, protect or defend their reserved powers, except by permission of the federal government—if the latter is the sole and exclusive judge thereof, as well as of its own delegated powers—if the States have no constitutional means of self-protection or defence—then State sovereignty is a cheat; for of what avail is the name of sovereignty if it can only be exercised at the sufferance of a superior? Let it be remembered that Wisconsin proceeded according to the forms of law, at least, and standing upon what her older sisters had instructed her were her constitutional defences, she did not hesitate to interpose her sovereignty in behalf of the complaining citizen until the validity of his imprisonment should be fully tested according to the forms which the constitution had itself recognized and made perpetual. And I do not hesitate to affirm that if the states shall improvidently relinquish, or rather abandon this power, or if it shall be wrested from them in spite of their remonstrances, then the strongholds of personal liberty are demolished, and the citizen is at the mercy of a power which he can neither limit nor control. I repeat, that if the constitutional and legal means of defending their reserved powers and the constitutional rights of their citizens shall be denied to the States by federal government, it requires not the vision of the seer to predict the alternative remedy.

One of the citizens of Wisconsin presented to the proper authority of the State his complaint, alledging that he was unlawfully restrained of his liberty. The State was bound to inquire into the cause. She was bound to protect him against all restraint, except that which was authorized by her own laws, or by laws enacted within the scope of the legislative power of the Union. If held by virtue of a law of the latter kind, the power of the State ceased; if not, the State was bound to interpose her sovereignty between her citizen and the unlawful aggressions of the federal functionary. The question being fairly presented to the tribunal to which complaint was made, it could not be avoided without gross dereliction of duty. The court exercised its judgment in that case precisely as in all others, and adjudicated accordingly. The court thought the Fugitive Slave act of 1850 unauthorized by the federal constitution, and so declared; in consequence whereof the prisoner was discharged.—And can you believe it, gentlemen, almost three years have elapsed and the Union is not dissolved.

This, gentlemen, is the head and front of Wisconsin's offending, and I am bound to admit that I see no immediate prospect of her behaving much better.

It is not for me to defend the several decisions made by the court and judges in the matter to which reference is made. They are placed upon the records of the State, have become a part of its history, to abide the impartial judgment of posterity. By those decisions, though the relation of master and servant is recognized in the states where by law it is established, yet the idea of property in man is repudiated.—Though we may recognize a claim of service due by the laws of another state, it is by the laws of *that* state, not of Wisconsin. If the slave escapes, however the obligation of service may adhere to him, he can bring no chattelhood into Wisconsin. There he is recognized, as the states agreed they would recognize him, viz: a person owing service not in Wisconsin, but, by the municipal law of another state, *in that other state*.

This is the position of Wisconsin. She will be faithful to all the covenants and compacts of the Constitution, and she will also be faithful to all her high and solemn obligations of a sovereign State, cheerfully conceding to federal authority all the powers delegated, and ready at all times to strengthen the arms of federal functionaries in their execution; but yielding not one jot or tittle of her inherent or reserved powers, alike essential to her own existence and to the liberty and prosperity of her citizens. By a firm adherence to these doctrines and the cooperation of the several States, I believe the glorious vision of our Fathers will be realized of an expansive and expanding Union of sovereign and independent States, not an empire composed of dependent provinces. Let these principles be preserved, and union and liberty will continue our happy inheritance. Allow them to be trodden under foot, and consolidation and tyranny will be the inevitable result.

Pardon me, gentlemen, for the length of this communication, and permit me again to return you my most grateful acknowledgments for your distinguished favor, and to subscribe myself, with sentiments of profound respect,

Your obedient servant,
A. D. SMITH.

News from Mexico.

PROMULGATION OF THE NEW CONSTITUTION—MISCELLANEOUS INTELLIGENCE.

The new Constitution was promulgated on the 11th of March, the anniversary of the adoption of the plan.

The *Siglo* publishes a list of 71 deputies who failed to sign the new Constitution. They represent principally the States of Jalisco, San Louis, Sonora and Sinaloa. The Territories of Colima and Sierra Gorda were not all represented.

The law ordering elections throughout the Republic was signed by the President on the 12th.

El Monitor says that Santa Anna is in constant communication with the Mexican emissaries.

Great excitement existed in Sinaloa and Sonora at the rumored project of an invasion of those regions by California filibusters, and serious measures of defense were preparing by Gov. Yanez and the local authorities.

The pacification of the Republic appears to be for the nonce nearly complete. All the principal fomenters of insurrection, Gandara, Osollos, Blancarte, &c., have been put down or arrested. The *Trait d' Union* thinks, nevertheless, that the policy is more apparent than real, that the clergy and conservatives are still endeavoring to consummate a reaction, and that greater need than ever exists for firmness and vigor.

The State of Jalisco was menaced at the last accounts with an invasion of two thousand Indians and five hundred mounted robbers. Troops have been dispatched in large numbers to protect Jalisco and attack the rebels.

In Durango the Indians appear to be continuing their ravages without abatement. The different statement of their ravages in the past year are the most startling. Murders, robberies, and outrages of the grossest nature fill a calendar of the most pitiful character.

The straightened circumstances of the supreme Government, says the same journal, have forced the suspension of payment at the custom houses of Vera Cruz and that city.

The Vera Cruz diligence was robbed at Acajete. A Holy Father was one of the passengers, whom the robbers did not spare. Soon after relieving him of $400 in cash, the robbers required him to give them absolution.

INFORMATION WANTED—Charles McCullagh, a brother of the undersigned, left his home at Emerald Grove, on Sunday the 5th of April.—Among other clothing which he had with him was a bearskin drab overcoat; he is of a sandy complexion and not tall. The undersigned is his guardian. Information as to where he is would be most thankfully received. Address Andrew McCullah, Emerald Grove, Rock County, Wisconsin. Papers throughout the country please copy.

THE FALL OF A TOWER.—The Chinese Herald confirms the report, that the far famed porcelain tower at Nankin was destroyed in November, during a bloody massacre of some 5000 to 6000 Imperial troops by the insurgents, who had gained possession of the city by treason.

WE KNEW IT WOULD RAIN.—The following little gem is from *Putnam* for April. It is written by T. B. Aldrich of the *Home Journal*:

We knew it would rain, for all the morn,
A spirit, on slender ropes of mist,
Was lowering its golden buckets down
Into the vapory amethyst.

Of marshes and swamps and dismal fens—
Scooping the dew that lay in the flowers,
Dipping the jewels out of the sea,
To sprinkle them over the land in showers!

We knew it would rain, for the poplars showed
The white of their leaves—the amber grain
Shrunk in the wind—and the lightning now
Is tangled in tremulous skeins of rain.

WHITEWASH FOR OUTHOUSES AND FENCES.—As the season of the year when considerable whitewashing is done is near at hand, the following receipt is given by a western exchange for mixing the composition: Take a clean barrel that will hold water, put into it half a bushel of quick lime, and slack it by pouring over it boiling water sufficient to cover it four or five inches deep, and stirring it until quite slaked: dissolve in water and add two pounds of sulphate of zinc and one of common salt, which will cause the whitewash to harden on the wood work in a few days; add sufficient water to bring it to the consistency of thick whitewash. To make the above wash of a pleasant cream color, add three pounds of yellow ochre. For fawn color, add four pounds umber, one pound Indian red, and one pound of lampblack. For grey or stone color, add four pounds raw umber and two pounds of lampblack. The color may be put on with a common whitewash brush, and will be found much more durable than common whitewash.

"CHRISTIANITY IN THE KITCHEN."—Such is the title of a work soon to be issued by Mrs. Horace Mann. We like the idea, for, certainly, great reforms are needed in that department of human life. Bad coffee, overdone steaks, heavy biscuit and tough meats are all inventions of the enemy, the sources of much male profanity and female fretting. The kitchen is a proper field for missionary effort, and we hail with gratitude any effort to throw light upon its darkness.

"What though with lavish kindness
The [illegible]
[illegible]
Will [illegible] hard as stone."

—*Buffalo Com.*

Two travellers were robbed in a wood and tied to trees. One of them in despair exclaimed, "Oh! I am undone!" "Are you?" said the other, joyfully, "then I wish you'd come and undo me."

It is a question worthy of careful investigation, whether a person whose voice is "broken," is not all the more competent to sing "pieces."

THE "CITY OF BUFFALO."—The Buffalo *Express* has the following description of this splendid steamer, just completed for the Michigan Southern R. R. Co.:

This magnificent steamer is the product of Buffalo in every particular, except the engine, which was built at the "Morgan Iron Works" in the city of New York. Her model is from the hands of Capt. BANTA, the most successful naval architect of modern times, and elicited the applause of numerous eastern builders who have visited her. Her hull is divided into *five separate water-tight* [illegible] by timber bulkheads, which makes her the safest and staunchest craft afloat on our waters. An iron band, six inches in width and half an inch in thickness, encloses her hull, lengthwise, and is an admirable means of strength. The boilers, besides the usual precautions against fire, are enclosed in an iron tank, which renders the occurrence of fire an impossibility. The furniture is to be from Messrs. Merrice & Timmerman's; and the entire outfit and furnishings are the product of our city. Her dimensions are as follows:

Length over all	340 feet.
Breadth of beam	40 "
Depth of hold	15 "
Capacity	2,000 tons
Paddle wheels	12 feet stroke.
Cylinder, diameter	76 inches.

She will cost, when complete, about a *quarter of a million of dollars*, and will be the most magnificent steamer afloat. Lastly, but *not least*, Commodore P[illegible] who has transferred his pennant from the *Western World*, [illegible] and will command the *City of Buffalo*. Nothing [illegible] that would be necessary to make her a universal favorite.

We had nearly forgotten to mention that the *City of Buffalo* was built under the personal superintendence of [illegible] Captain C. Forbes, a gentleman whose knowledge of naval architecture has materially contributed to the beautiful steamer in question.

FOR GREEN BAY.—The steamer Michigan is now taking on freight, and will sail for Green Bay this afternoon.—The Michigan comes out for the season's business almost a new boat. Her upward works forward of her wheelhouse is entirely new. About $4000 has been expended upon her during the winter and spring, and she is now in excellent trim. Captain Albert Stewart, who sailed her last year, has command of her again this season.—*Det. Advertiser* 14th.

SPECIAL NOTICES.

Real Estate.

W. LAIDLAW'S LAND AGENCY,
OFFICE 230 EAST WATER ST.
Two Doors South of Walker House.

FOR SALE.
A Farm That is a Farm.

THIS FARM is situated in the handsomest portion of our fair State, within a short distance of a Railroad depot, bordering on a small lake of the purest water, with bold and beautiful shores, some mile and a half in length and three-fourths of a mile in width. The owner, on account of ill health, is obliged to give up the farming business, and will therefore give any man who has the means, a chance to purchase a princely farm on easy and reasonable terms and at a great bargain.—Said farm contains 480 acres, whereof about 200 are cultivated, 60 acres meadows and the balance fine heavy oak timber. 70 acres of wheat were raised on the farm last year and yielded 25 bushels per acre, which is all that is necessary to say in reference to the quality of the soil, and as regards buildings—dwellings, barns, sheep and cattle sheds, &c. &c., they are all that can be desired on such a farm, the orchard is very large and contains almost every description of fruit, and there are 7 miles of fences on said farm.

This is undoubtedly the best chance offered in the State to procure a splendid farm. For further particulars of which, apply to the sole agent,
mar13 W. LAIDLAW.

Shade Trees.

We clip the following from the Utica *Herald*. It is applicable to any city where there are trees enough:

> There is no single feature which more immediately arrests the eye of the stranger as he walks our streets in the summer season. A few of our streets present a sylvan aspect which will hardly suffer in comparison with any in the state or land. Long may these leafy sentinels stand to grace and ornament the town!
>
> But the good work has not been half accomplished.—Where there is one shade tree now, there ought to be three. Streets upon which there is hardly a leaf growing in the summer time, ought to be studded with healthful growing trees. We know of no better method for advertising real estate than by planting shade trees. Not only do they beautify, but they enhance value. Rely upon it, that upon every graceful tree you plant, you will have more than seven per cent. return. What man of taste would care to buy a mass of brick and mortar, when he can purchase a bit of forest besides, for a few dollars additional?
>
> We trust a vigorous crop of shades will be set out the present spring. We are sure that if our property-holding citizens consult their own true interests, they will not fail to avail themselves of this cheap but invaluable ornaments. The man who plants a tree is a public benefactor. There will be lips to sound his name with reverence, and hearts to garner his memory with gratitude when he is gone. A more living testimonial than lofty column, will be these leafy monuments. *They* will wave in beauty when the hand that planted them is dust. *They* will prove a more eloquent bequest than groaning coffers or title deeds.
>
> Blessed be he who invented shade trees, and thrice blessed be who protects and nurtures them.

THE LUMBER BUSINESS.—Our attention has been called to an error made by Dr. WEEKS, in his remarks as Chairman, on opening the Mil. & Beloit R. R. meeting the other night. Without sufficient reflection, the Dr. stated that, three years ago, the lumber business, had so far run down in this city that but one firm, MCVICKAR & Co., remained in it. One of our dealers has given us the following names of persons at that time, and still, engaged in the trade:

MCVICKAR & CO.	A. EHLBACHT.
A. ELDRED.	F. C. LEE.
LUDINGTON & CO.	W. B. HIBBARD.
B. BAGNALL.	

The only concerns which left here to go to Chicago, were N. LUDINGTON & Co., and J. M. LOOMIS, and the former are coming back this year.

OLD OSWEGO LINE.—We published yesterday, but neglected to call attention to the season card of the "Old Oswego Line" of propellers, owned by Messrs. FITZHUGH & LITTLEJOHN, for which Messrs DOUSMAN & Co. are to be the agents here. This line is composed of the propeller *Kentucky*, new last year, and five others, the *Dubuque, La Crosse, Burlington, Galena* and *Madison*, all of the first class, built the past winter, and appropriately named for some of our thriving western cities. It is intended to increase the number of vessels with the growing wants of the trade. The proprietors are fortunate in the choice of their agents here, Messrs. DOUSMAN & Co., who have been long established in the business, are favorably known everywhere, and possess abundant dock room, conveniently located immediately inside the Straight Cut harbor.

IRON RAILINGS, &C.—By their advertisement it will be seen that Messrs. BAYLEY & GREENSLADE have removed to new and commodious quarters on Reed street. They manufacture a great variety of plain and ornamental iron railings, brackets, awning frames, &c. This branch of manufactures is becoming quite an extensive one in our city, and Messrs. B. & G. thoroughly understand their business.

NEW CARRIAGE ESTABLISHMENT.—We invite attention to the advertisement of Mr. P. L. SMITH, who has purchased the large building erected for the Fremont Club meetings last fall, and intends to open in it an establishment for the sale of carriages. We are informed, by those who know, that Mr. Smith intends to exhibit the largest and finest stock of carriages ever brought into the State.

ANNOYANCE OF LADIES—A WARNING.—We understand that the fellow who was so soundly thrashed last year for annoying ladies in the street is again at his tricks—following respectable ladies while in the streets at evening, writing them notes, &c. Our advice to him is to look to his head. Probably, if it becomes necessary for any one to thrash him again, the punishment will be sufficiently severe to keep him quiet for a while.

SALES IN PIERCE'S ADDITION.—Sales of lots in this new Addition, on the Green Bay road, nearly three miles from Spring street bridge, were made yesterday by Mr. WALL, to the amount of $4,090, the lots ranging in price from $100, to $450. The city is growing very rapidly in that direction.

STABLE BROKEN OPEN.—A stable, in the alley in the rear of Milwaukee St., between Wisconsin and Mason Streets, was broken into on Tuesday night, and the three horses turned loose. Nothing was stolen that we know of; the burglars were frightened by the barking of a dog on premises near by.

WEATHER.—The air was clear yesterday, but very cold for the season, with a fresh breeze from the northwest, which dried up the mud as rapidly as it thawed, thus doing the work of three or four sunshiny days in improving the condition of the streets.

WHOOP!—WARNER'S advertisement—see it.—Warner has located himself in the Albany, so that the ladies, encircled in ample crinoline, can get into Main Street immediately, where wide sidewalks will give them "ample room and verge enough."

BANKERS' CIRCULAR.—Messrs. BRIDGE BROS. issue to-day their circular, giving the list and prices of money, bank bills, specie, and exchange. Copies may be had at this office.

☞ We learn that the fine residence purchased last year by Mr. Thorne, on Prospect street, for $14,000, has just been sold to a gentleman from New York city for $19,000.

☞ CALEB WALL, the "City Auctioneer," has a lot of Furniture this morning.

BUCK BEER.—SCHAUSS, MELMS & Co. offer to their customers a taste of this "institution" to-day.

LIFE AND DEATH.—Two principles in the human system are continually struggling to overthrow each other—Health, which is the principle of Life, and Disease, which is the principle of Death. Herrick's Sugar Coated Pills possess the curative powers to impart health to the diseased body, to prolong life, and to free the human family from all pains, aches and bodily infirmities. Sold throughout the world by dealers. Price 25 cents.

Rice & Stevenson, No. 83 East Water St., Wholesale Agents, who will supply the trade at Proprietor's prices. apr14d1w

TAKE HEED.—At the Massasoit House, Chicago, may be obtained until June, Old Dr. James' wonderful and celebrated extract of Cannibis Indica. His son-in-law, Dr. Thomas Tilton will supply you with either personally, or by Express. It is a sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats. We know this to be a fact. Try it and live.

P. S.—By addressing Dr. Tilton a note through the Chicago Post Office, inclosing four stamps, (12 cents), a recipe will be sent in return, free of charge, to any part of the Union.

"Live and Learn" is a most useful book, designed as a guide to grammar, composition and punctuation. So few people speak or write really good grammar, and fewer still punctuate decently, that a book informs them how to do so—and not only that indicates their faults, but shows them how they are to be corrected—cannot fail to be popular; there is not a person, indeed, who might not learn something from it. As a book of reference, "Live and Learn" will settle many disputes. It ought to be on every table, and be particularly recommended to the young, before habit makes common blunders uncommon hard to cure.

IMPROVED
SEAMLESS WHALEBONE
SKIRTS.

WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respects, inferior to our properly prepared. What tone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages *found in no other Skirt*, the most important of which is *our series of elastic cords* at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. Those cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a Skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress; light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 90 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economising labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. Pierce & Co. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possess special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventive for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart* Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. More purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and, *force*, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes Tumors, Fever Sores, Skin Eruptions, Blotches Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c.; and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 108 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high-standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colic Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
